NASHVILLE, Tenn. (ANP)—Dr. Charles S. Johnson, only Negro member of the American Commission on Education for Japan, left for Tokyo by plane Monday with the group of 20 educators who will consult with Gen. Douglas MacArthur on an educational program for the Japanese. Other members of the commission are Dr. George Stoddard, New York, Dean Virginia Gilchristleeve, Barnard College, and Dr. Gilbert Givens of the National Education Association.

Dr. Johnson, member of the Fisk University faculty and distinguished author, is vice-president of the Rosenwald Fund, the first Negro president of the Southern Sociological Association, and a recognized world authority on race and culture. He was the American member and secretary of the League of Nations to investigate forced labor in Liberia in 1930.

PRES. TRUMAN MAKES NEW PLEDGE ON FEPC
WASHINGTON, D. C. (ANP)—President Harry S. Truman repledged himself to fair employment practice legislation Monday in a letter to A. Philip Randolph.

GEO. J. MAROTT, NOBLE CITIZEN, LAID TO REST

All Indianapolis, without regard to the superficialities of race, creed or color bowed in deep mourning at the passing of George J. Marott, one of its most beloved citizens, businessmen and philanthropists.

The venerable pioneer died in his apartment hotel Friday last week after a serious illness of 24 hours which climaxed a period of several months of failing health. He had sustained a busy, fruitful and idealistic career through 87 years.

Funeral services were held Monday afternoon at the Flanner and Buchanan mortuary with Dr. Sumner L. Martin, pastor of the Roberts Park Methodist church of which Marott was a member officiating.

Marott who rose from humble beginnings to a position of commanding respect, influence and prestige in the city, state and nation, established in 1884 the famous Marott Shos Store, now located at 18 E. Washington Street. It is now recognized as the largest store in the world dealing exclusively in shoes.

Recently, in carrying out a sincere promise, he gave the entire store to employees and Butler University. Each sharing one half interest.

Between 35 and 40 Negro employees and former employees by terms of Marott's will, will share in the half interest given store employees.

Cash awards under the Marott will include: \$5,000 to James M. Clark, head waiter, \$7,000 to Alberta Butler, former elevator operator and \$50 to other colored and white hotel employees for each year they have been in service.

Born in England in 1858, he attended common school there and had one year of college training before coming with his father to this country. He was married to Miss Ellen Meek of Richmond in 1879 and clerked in his father's store at 22 E. Washington St. until he opened his own at the present location. He confided to friends that his capital consisted of \$167 he had saved plus \$169 he borrowed, with consent of his young wife, on a piano he had

FIRE VICTIMS FIND NEW HOME

Richard Stubbs and his family of seven, who suffered the loss of a two-year old son and complete destruction of his home in a fire at 1318 N. Senate avenue several weeks, are happily re-establishing themselves in a new home at 331 1/2 W. 12th street secured through the patient efforts of the Family Service association. The forbidding barrier of the housing shortage yielded the present quarters only after intensive search.

Assistance in the purchase of clothing for the school children, and household furniture was given by sympathetic neighbors who contributed \$51 under supervision of Sam Levinsky, proprietor of the grocery and meat market at 1302 N. Senate avenue where Mrs. Stubbs was shopping when she received word the home in which she left two small children was afire.

Heroic firemen rescued both tots by braving intense heat and blinding smoke. One of the children, Novelle, age four, is gradually recovering first and second degree burns at the City hospital. The other, age two, died there the day following the fire.

Investigators of the Family agency praised Stubbs for his record of having maintained his family to the best of his means and expressed confidence that with the passing of this emergency, he will continue to do so thorough his own efforts. He has a fine record as an employee of the Nehi Beverage company, North Senate avenue.

URYLEE LEONARDOS, wistfully attractive member of the cast of "Carmen Jones", flashed a piercing ray of truly great artistry when she appeared at a local theater last week in the title role of Oscar Hammerstein's masterful modern musical painting of Bizet's "Carmen". A not unkind fate chose this city in which the new star was to make her first appearance as alternate to talented Muriel Smith.

Born with the divine gift of a superb voice exquisitely moulded into a bewitching personality scintillating with facets of deep emotion, she had definitely crossed the threshold of a great operatic career, an ambition that seems to have selected her at her birth in Charleston, S. C., 24 years ago.

While here, Miss Leonardos was the guest of her friends, Mrs. Joyce Stewart Thompson, business manager of The Recorder, Mrs. Elizabeth Stewart, and Mrs. Pauline Stewart.

Rep. Marcantonio Promises Fight For Permanent FEPC

ST. LOUIS (ANP)—The fight for a permanent FEPC will continue despite the recent successful filibuster by Southern Senators. Rep. Vito Marcantonio told a Lincoln-Douglas rally held here last week, Marcantonio, who was guest speaker along with Benjamin J. Davis, Harlem Negro councilman, spoke over the telephone from his New York office. He was held in New York because of election plans.

Marcantonio observed that the recent setback to the FEPC Bill in the Senate resulted from an "agreement" between Southern Senators and Northern reactionaries. He pointed out that many of the alleged supporters of FEPC who voted for closure to end the filibuster, also voted for a motion to set the bill aside.

Basketball Meet

Attacks Enters Fray With Keen Opponent

The big basketball tournament of the Indiana High School Athletic Association was scheduled to start in just a few hours, as the Recorder went to press.

Fans of 776 high school teams waited with that funny breathless feeling for play to begin at 6:30 sectional centers. When it's all over March 16, only one team will remain—the 1946 champs!

The Indianapolis sectional was to get under way at Butler Field House Thursday, with the Washington Hatchets squaring off against Decatur Central.

At 8:15 the Crispus Attucks Tigers were to take the field, ready to do or die against Sacred Heart.

NEW WAGE-HOUR BILL FAVORS 'THE LAST MAN'

WASHINGTON, D. C. (NNPA)—The new wage-hour bill favorably reported by the Senate Education and Labor Committee will result in giving a larger number of Negro workers equal pay with white workers and in raising their standard of living.

Under its terms, all workers engaged in any industry affecting interstate commerce would receive a minimum hourly wage of 65 cents or \$26 for a 40-hour week for the first two years, 70 cents an hour or \$28 a week for the next two years, and 75 cents an hour or \$30 a week thereafter.

Sen. Claude Pepper, (Dem., Fla.) was responsible for the amendment broadening the base of the bill. Southern Senators will oppose the measure because it will put wages of Southern workers on the same scale as those of Northern workers and raise the wages of Negro workers to those of white workers in the South.

Quiet spoken, conservatively dressed, Paul Brown, Director of Recreation for the Indianapolis Park Department, calmly met charges of racial discrimination, made by a delegation meeting Mayor Tyndall, in his office, Tuesday 19 February.

The delegation which included Starling W. James, William Brooks, Mrs. Cary D. Jacobs, Fred Ransom, Lowell Trice, and J. R. Groves accused the city Director of Recreation of discriminatory practices in the elimination of Margaret and Janet Barbee from the Ice-O-Rama, Ice skating show sponsored by the city recreational department at the Fairground Coliseum.

Yielded to Bias

After rehearsing and being assigned to a skating number called "The Winds" the girls were told they would not be permitted to participate in the ice show. Mr. Brown admitted that several of the white participants had expressed a desire not to skate with Negroes, and he wished to avoid any sort of friction in the show.

As further reasons for eliminating the two girls he added that they were not residents of the city and were not good skaters. Both of the latter statements were changed by the delegation. Regarding the abilities of the girls as skaters Mr. James, representing the Federation of Civic Clubs, pointed out to the Mayor that their performance at rehearsals had qualified them for a place in "The Winds" number.

Lowell Trice who represented the NAACP claimed that at the beginning of his organization's investigation the Director of Recreation stated that it was a policy of the Coliseum management not to allow Negroes on ice. Richard Miller, a member of the management board of the Coliseum Corporation, denied this, and Mr. Brown later retracted his statement concerning the policy of the Coliseum.

"Committee to Meet"

Mayor Tyndall pointed out that such incidents undermine his program for establishing better racial understanding in the community. The Mayor announced his intentions to call a meeting of his Committee on Race Relations which is headed Charles H. Lynn, Vice President of Ely Lilly Company. The committee which was appointed more than a year ago to advise the mayor on interracial matters in the city has been inactive except for one meeting.

The Mayor expressed an opinion that the agitation of Negro groups in certain cases in the past has a corrupting influence on racial attitudes in the community and serve in many instances to foster racial prejudices.

CHICAGO MEDIC GETS COUNTY HOSPITAL POST

CHICAGO (ANP)—Cook County Hospital broke its 50-year tradition against Negro medicines last week by appointing Dr. Leonidas H. Berry, stomach specialist and head of Provident Hospital's division of digestive diseases, to its staff. The last Negro attending physician on Cook County Hospital's staff was Dr. Dan Williams, who performed the first successful operation on a human heart.

One of the world's largest, Cook County Hospital has over 3,000 beds and is located in the hub of Chicago's great West Side Medical Center. Thousands of Negro patients are treated there annually.

A native of North Carolina, Dr. Berry is the son of L. L. Berry, head of the mission department of the AME Church. As one of the country's pioneer gastroscopists, he has performed many hundreds of stomach examinations and has introduced original methods in this field. He recently became a diplomate of the American Board of Internal Medicine, a diplomate of the National Board of Medical Examiners, a member of the National Gastroenterological Association, Sigma Xi, honorary scientific fraternity and the Central Society of Clinical Research.

Washington Memorial Group To Stage \$2,000,000 Drive

ROCKY MOUNT, VA.—A campaign to raise two million dollars to establish a "living breathing" Memorial to Booker T. Washington one of the truly noble citizens of our land will be launched in the near future, by the "Booker T. Washington Birthplace Memorial" organization.

Mr. Washington was born in Franklin County, Virginia, near Hale's Ford and significantly the state of Virginia has taken the lead in the program or campaign.

The Memorial organization has been granted a charter and the present session of the Virginia General is considering an appropriation of \$25,000.

S. J. Phillips, outstanding graduate of Tuskegee Institute and president of the Memorial organization states that the project calls for one million dollars to establish the Memorial and one million dollars for endowment.

Behind the project is the idea of perpetuating Mr. Washington's philosophy of helping the masses to help themselves. The plantation on which he was born has been purchased and the Virginia Corporation Commission has granted the Memorial organization a charter to establish on these grounds a memorial to Mr. Washington's and to institute and conduct a program based upon his life and ideals and teachings with headquarters at Rocky Mount, Va.

Projects of the memorial farm include the establishment of a demonstration farm; a good-will program; a consolidated elementary school; a regional vocational school; a radio station; the organizing of a "better workers" institute, to serve all areas of the land and a museum showing the Negro's African Background and his present achievements in the arts and sciences.

U. S. War Dept. Cites Dr. Lloyd A. Hall, Chicago Chemist

CHICAGO (ANP)—Dr. Lloyd A. Hall, eminent Chicago chemist with Griffith laboratories here, last week was cited by the War Department Quartermaster Corps for outstanding contributions to the war effort in World War II. Long distinguished in the field of food chemistry, Dr. Hall received the "Certificate of Merit" for research developments in connection with the Army's food program.

The citation, which reads in part: "Your many contributions will long be remembered and recognized by the Quartermaster Corps as playing a vital part in the total effort to help bring victory to our country" was given in recognition of important methods developed by Dr. Hall with dehydrated foods and synthetic seasonings, and for creation of an oil film especially successful in the treatment of burns.

N. Y. Organization Sends Food to Famine Stricken Africans

NEW YORK (ANP)—Two shipments of canned food and \$1,000 have been sent to starving African natives by the Council on African Affairs, according to Dr. Max Yergan, executive director, last week, while Gen. Jan Christian Smuts, prime minister of South Africa, launched an \$8,000,000 campaign last month to send gifts of food to Great Britain.

Smuts' government then ordered the natives to pray for relief from the drought, which is responsible for the famine. The general food shortage has been the subject of sharp debate in the South African parliament, Dr. Yergan disclosed.

He said two shiploads of American oats recently left New York,

The Colored Methodist Episcopal church is one of the three largest Negro bodies of Methodism in America. It was organized by the former Methodist Episcopal Church, South in December 1870 at Jackson, Tenn. At the time of organization the body consisted of 78,000 members and four hundred ministers with nine annual conferences.

Two bishops were elected in the beginning, Rev. W. H. Miles, Louisville, Ky. and Rev. R. H. Vanderhost, Charleston, S. C. Through the years the denomination has had twenty-one bishops. The contribution of the denomination toward education and interracial problems has been both pronounced and outstanding.

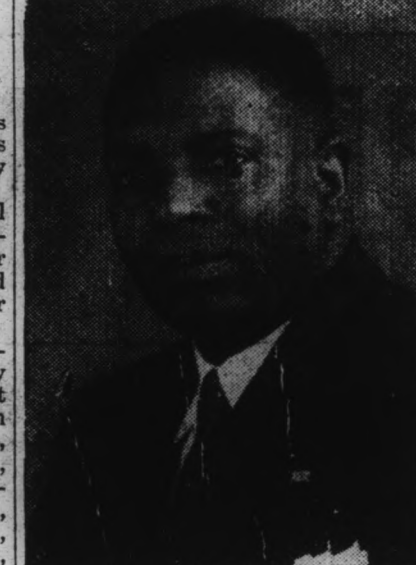

The denomination owns and operates a publishing plant at Wuckson, Tenn. valued at more than \$200,000; four colleges of "A" rating, Lane College, Jackson, Tenn.; Texas College, Tyler, Tex.; Miles College, Birmingham, Ala. and Mississippi Industrial College, Holly Springs, Miss. and one Theological Seminary (Phillips School of Theology) Jackson, Tenn. and a Connectional Hospital at Memphis, Tenn. The denomination has more than 350,000 with 3,000 ministers and forty-one annual conferences.

Bishop Phillips, senior bishop of the connection has served in the capacity of a bishop continuously since May 1902. He has been an outstanding figure in world Methodism for many years. He was for forty years a member of the Ecumenical Conference of Methodism, where he served for some time as one of the secretaries.

Dr. A. W. Womack Makes Record As CME Cleric

MEMPHIS, Tenn.—Dr. Arthur W. Womack, pastor of the Greater Collins Chapel CME church of this city one of the leading churches of the denomination is attending the sessions of the College of Bishops of the connection in Indianapolis this week. Dr. Womack who rates highly among potential candidates for the bishopric is well known in Indianapolis where he pastored Phillips Temple for six years.

During his pastorate in Indianapolis he was active and prominent in civic affairs, serving president of the local NAACP. The debts of the Indianapolis church including a \$35,000 mortgage, were reduced by more than two-thirds, extensive repairs were made and the church was redecorated twice.

He organized seven congregations during his pastorate of St. John's CME church in Detroit and saved the church to the denomination by reducing the debts from \$35,000 to \$9,000 during his seven years pastorate.

In this city the church to which he was assigned was burned only three weeks after he took charge. And it is reported he replaced it in less than six months, making it better and more modern structure. He has pastored historic Collins Chapel one of the leading Negro churches of the South for seven years, and the mammoth plant is debt free. The church has not had a rally for several years and has money in the treasury.

The Bishop and West Tennessee Conference elected Dr. Womack to head the drive to raise funds to build the Collins Chapel hospital. The goal was \$150,000. Dr. Womack raised over \$112,000 among Negro people and through his efforts white friends contributed over \$250,000 and have promised substantial financial aid in building a \$500,000 hospital of the CME church. These matters represent a part of his contribution or great work in his denomination and with larger opportunities or responsibilities no doubt he will do a bigger work.

bought for his home. Within five years the store was doing a leading volume of business locally.

Steadily he became influential in various other businesses, including the Indiana Railways and Light company which he later sold. At one time he successfully managed and partly owned utility interests in Kokomo, Frankfort and other Indiana communities.

He constructed the palatial Marrott Hotel, Fall Creek Boulevard and Meridian street in 1926. It is now known throughout the country for the high standards of service, appointments and luxurious settings in which it is maintained. Outstanding Negro notables have been among its clientele, and a number of Negroes have been employed there as in the shoe store since its construction. Marrott continued its management up to his death.

He was a former trustee of the Citizens Gas company. His ideal of service to his fellowman and the community was evinced in his valuable aid to war bond drives, the Boy Scouts, the Salvation Army, the infantile paralysis campaigns, sports of various sorts. He was a member of the Indianapolis Athletic club, the Masonic Lodge, Scottish Rite, Rotary Club, Indianapolis Elks, Lodge No. 13, and a number of business organizations including the Chamber of Commerce.

Tributes to his high character and substantial achievements have been paid him many times by distinguished individuals and groups, their expressions taking tangible forms in plaques, bronze busts, scrolls and other memorials.

His dealings with his fellows was motivated by a high sense of fairness, justice and morality without regard to color. He made many contributions, morally and financially to many Negro efforts at civic and racial advancement for which he sought no pompous acknowledgements.

Building Supply FIRM HIRES Local Man As Salesman

Employment of Dewitt Davenport Hektor, 602 W. 29th St., as a representative of Mathews Supply Corp., 517 E. Washington St., distributors of prefabricated homes and garages, was announced last week by Commander R. H. G. Mathews, president of the company.

Hektor, who recently moved to this city, served for six years on Selective Service Board No. 5 in Chicago, as a reemployment committee member. Early in February, at a ceremony at the Congress Hotel in Chicago, he received the Award for Meritorious Service. This citation is a Congressional award for Selective Service work.

Hektor had previously received three Presidential citations for his war work. He was the first Negro field representative of the American Red Cross, serving from 1940 to 1943 in the Chicago district.

Born in Atlanta, Hektor attended Tennessee State College at Nashville. He has lived 28 years in Chicago. He is an active member of the Elks, Masonic Order and American Legion. He is married to Mrs. Willa Mae Hektor.

The new Mathews representative will continue his draft board work in Indianapolis, serving as one who helps the returned GIs secure suitable employment. Needless to add, he plans to build a prefabricated home.

MADDEN TAKES PART IN PRESS GALLERY ISSUE

Washington, D. C. (ANP)—Equal accommodations for Negro newspaper men in the press gallery of the House of Representatives were requested last week by Ray J. Madden, representative of the First Congressional District of Indiana, in a letter to Rep. Sam Rayburn, Speaker of the House.

"My attention has been called to the fact that correspondents for Negro newspapers have been excluded from the House press gallery," Rep. Madden wrote.

"I firmly believe that this is an unwarranted attitude for the authorities in charge of the gallery to assume. There are at present several outstanding Negro newspapers throughout the country who are desirous of having a direct contact with the proceedings of Congress."

"I would be pleased if you could exert every effort to terminate this discrimination and allow correspondents for our Negro press every courtesy and access to the press gallery," Madden concluded.

Ickes Resignation

Styled A Great Lost To Cause of Liberals

(Released through The Atlanta Daily World for the NNPA)

Washington, D.C.—The resignation of Secretary of the Interior Harold L. Ickes from the Truman Cabinet removed from high government circles one of the liberals who were largely responsible for the advance made by Negroes under the New Deal.

Mr. Ickes, early in his administration of the Interior Department, took a definite stand against race segregation and race discrimination in civil employment, and in the operation of the national parks and the public parks in the District of Columbia. While Howard University and Freedmen's Hospital were under the jurisdiction of the Interior Department, he favored large appropriations for them. Ickes also was generous to these two institutions in the allotment of Public Works Administration funds.

A program for the rehabilitation of the Virgin Islands was begun under Ickes.

Named Hastie, Weaver
Ickes was one of the first New Dealers to give recognition to colored voters for the support they gave to the late President Roosevelt in the election of 1932 by appointing Negroes to office in his department. Both Dean William H. Hastie of the Howard Law School and Robert C. Weaver of Chicago began their public careers in the Interior Department.

Only recently Ickes prevailed upon President Truman to nominate Hastie to be governor of the Virgin Islands.

When the Daughters of the

American Revolution refused use of Constitution Hall to Marian Anderson, Ickes joined with Mrs. Eleanor Roosevelt to arrange for her to sing on an Easter Sunday in front of the Lincoln Memorial where 75,000 persons heard her.

O'Mahoney in Line
At his press conference last week, President Truman said a good many Senators have recommended Sen. Joseph C. O'Mahoney (Dem. Wyo.) to succeed Ickes. (Editor's note: Senator O'Mahoney was "necessarily absent" when the Senate voted on limiting debate on the Fair Employment Practice bill. Sen. Lister Hill of Alabama, in announcing O'Mahoney's absence, said that if he were present and voting, he would vote against cloture.

ATTUCKS

(Cont. from Page 1, First Section)

The field is very evenly balanced. In "Tough Bracket"

The Attucks squad awaited the opening whistle undaunted by the bad breaks of the draw, which put them in the "tough bracket" along with Technich, Howe and Washington, the city's most formidable teams on the basis of season play.

Wiley Parrish, forward, and Orville Williams, guard, have been star performers for the Green and Gold this year. Other Attucks players certified for the tourney included: forwards, Wallace Allen, Reginald Cross, Anderson Grigley, Louis Haynes; centers, Lively Bryant and Frank James, guards, Weldon Beverly, Stephan Bryant, Donald Lewis and Stanley Payne. The 12-man list had to be pared to 10 by game time.

Out through the state, other all-teams participating in the tourney included Roosevelt of Gary, Lincoln of Evansville and Lincoln of Princeton.

Negro boys starring on inter-racial school teams—from Gary, East Chicago, Fort Wayne, Richmond, Anderson and a host of other cities—were expected to give outstanding performances this year as in past tourneys.

SCHOOL 23 GROUP WINS CERTIFICATE

The National Congress of Parents and Teachers recently awarded the Mothers' Study Group of School 23 a Summer Round-up Certificate. The certificate was presented for the work of the local group on the Summer Round-up of last year. The group will sponsor another Round-up beginning in April this year. The Red Cross is showing some short films at the school this week. Mrs. Frances Logan is chairman.

LOCAL BOWLERS 'ALSO ATTEND' DETROIT MEET

By George Whitaker

Local bowlers have just returned from the National Singles tournament in Detroit where they met some of the world's best bowlers. I am sorry to report that our star bowler, William Gooch made a poor showing, but we hope that he will have better luck this week in Columbus, O.

Gooch could not find the alleys at Detroit and that was his downfall. I still say he is as fine a bowler as you may find any place, but even the best bowlers have their off days and all this goes to sports interesting. Sea Ferguson looked good as the best in his first 12 games, but he could not connect with the maples in the next 12. He was eliminated and that was all for the local boys.

Andrew Sharpe well known local sportsman of the Cotton Club team did not get to roll, he withdrew on account of the death of his sister in Chicago. We hope he will have luck in the Buckeye State Saturday and Sunday.

Joe Newman did not make the trip to Detroit but we hope he will be with the boys on the trip to Columbus. Little William Brown was not in there trying to win. The tournament was won by a great bowler and a good sportsman, William (Jack) Marshall of Chicago. He is well known and liked in bowling circles around Chicago, where he is the manager of the Garfield Bowl.

Marshall has been bowling for 17 years. Last year in Cleveland Marshall and Bob Robinson won the doubles. Cleveland Cox of Cleveland, Ohio won second place at Detroit. He was last year's winner but lost his crown to Bill Rhoadman in an eight game match.

The Cotton Club team will make the trip to Columbus also the Gold Medal team, Davidson and Smith, Regal Flower Shop, Pat Riley's team and the All-Star Girls team. After Sunday everyone will be

looking forward to the \$1200 Individual Classic contest to be staged every year, by Sea Ferguson operator of the Fun Bowl. Mr. Ferguson has done a lot for sports in the city, he is a patron of kinds of sports but he has done more for bowling than any other Negro in the country. He has built a modern bowling establishment equal to any to be found in the central west and caused the people in the city to become bowling minded in a very few years.

In league play Metropolitan Coal team won two out of three from Hill's All-Stars. Oliver Sansbury was high for the Metropolitan, with 546, and L. Wright was high for the All-Stars with 554. Andrew Sharpe was high for the Cotton Club which dropped two to Smith boys, and Sharpe rolled 611. Joe Newman was high for the winners with 585 and Gooch was second with 559. Roy Butler was high for the Gold Medals with 614.

Lucky Strike won from Roney's coal yard team, Crawford was high with 531 and Walker was high for the losers with 523.

The Ladies league needs some leadership, but there is only one team that could lead the others, but they will not help the other teams to strengthen their game. What is the matter girls are you afraid that some other girl will become a better bowler than you are?

In the mixed league the boys and girls are having a swell time, so why not keep each girl with a good partner and they will be there each week. I will be seeing you.

One of the chief things this writer has been commended upon is the fact that he has kept himself from intruding too much into the pleasantness, if such it could be called, of this column. However, this week he must discuss a little one of his pet projects.

You will notice elsewhere on these pages a story about the associate membership drive of the Fine Arts League of Indianapolis, which this writer founded. He really has high hopes for the league, and would certainly appreciate the application for association with the organization from anyone.

One of the nice things about the group is that associate membership in it is not restricted to musicians, artists, etc. Anyone can have an associate membership. So please don't hesitate dear reader. Just drop a card or call Richard Henderson at The Recorder, and keep your eye on the social pages, as I shall not intrude the organization into these columns much more.

U. OF ILLINOIS PAPER FEATURES LOCAL GIRL

Miss Martha Louise Harry, the daughter of Mr. and Mrs. Charles E. Harry, and a student at the University of Illinois, was subject of an interview story in the "Out of the Crowd" column of "The Daily Illini", school paper. The column concerns outstanding students on the campus.

The writer, Mascen Wilkes, commended Miss Harry for the effort she and her sorority, Alpha Kappa Alpha, makes in presenting prominent Negro speakers to aid race relations. Miss Harry introduced Langston Hughes when he spoke there recently, and later accompanied him around the campus.

She is a cabinet member of the YWCA, is active in extracurricular activities, and wants to be a librarian. She will receive her A. B. degree this spring, majoring in English, and will probably go to Columbia university for a master's degree in library science.

How women and girls may get wanted relief from functional periodic pain

CARDUI is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1-Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2-Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

LEWIS ACADEMY TO OPEN

Mrs. Priscilla Dean Lewis, well known beautician and former principal of the Mme C. J. Walker Beauty College, Indianapolis, for the past ten years announces the opening of the Lewis Fashionette Hairstyling Academy, Inc., Monday, February 25.

The academy is offering Post Graduate courses to licensed beauticians only and all systems from any state are recognized. In Mrs. Lewis's travels it was shocking to learn that there were no schools either national or international of this type for Negroes. And due to her years of experience she felt a school of this type should be established for operators.

Mrs. Lewis's capabilities as a beauty expert have been acclaimed by the National Beauty Culturist League, Inc., and the National Beauty Congress as very outstanding. And during her instructions at the Walker Beauty College the largest number of graduates and graduate instructors since the founding of the company were graduated. The Walker assistant instructors, Mrs. Mae Simmons, Miss Martha Rutledge and Miss Georgiana Ellison are graduates under Mrs. Lewis's supervision.

Mrs. Lewis is a product of Kansas City, Mo. She received her training from the Mme C. J. Walker College, Kansas City, Mo., under the late Mrs. P. E. Osborne; Walker College, Chicago under Mrs. Marjorie S. Joyner, national supervisor; A. B. Moler and Burnham College, Chicago; National College of Massage and Physiotherapy, Chicago; and Wilfred's Beauty Academy, New York. In 1944 she took a post-graduate course at Wilfred's specializing in expert Finger Waving, Permanent styling and recently studied at the Design Hair Institute, New York, specializing in Cold Waving and Contour Styling. In 1938 she was one of the five Walker instructors to be the recipient of an honorary degree conferred by Mrs. Joyner from the Chicago school.

Mrs. Lewis is proprietress of the Fashionette Hair Styling Salon.

National Negro Newspaper Week

Feb. 24 to March 2

119 Years With The News

Since the publication of Russwurm's Freedom's Journal in 1827, the Negro press has played a great role in the progress of America. It is valiantly fighting to help build a world of peace and security for all races of people.

The Indianapolis Recorder, being a member of the Negro Publishers Association, has contributed in a small way during the past 50 years towards the moulding of this better world in which to live.

THE RECORDER PASSES THE HALF-CENTURY MARK

Forever inclusive of moral myopia, the course of human trial and error has covered fifty years since the Indianapolis Recorder first appeared, among its modest contemporaries in the field of Negro journalism.

Since days of its beginning giants have appeared in the woods, or it were the field. According to an established tradition, Willis A. Hodges, a contemporary of Frederick Douglass, in the newspaper field, was told by the editor of the "New York Sun" that the "Sun" shines for all white men and not for colored.

The editor further suggested that Hodges operate his own paper if he desired to champion the cause of (a repressed minority) Negro people. Along with Mr. Hodges, George P. Stewart, founder of the Indianapolis Recorder was a member of the legion which has carried "the torch" as suggested by the editor of the "New York Sun."

During the year of 1945 the Recorder published a "Victory-Progress Edition" of 192 pages, the largest edition ever published by a Negro newspaper organization, ranking among the three hundred largest newspapers ever published in the Nation. The edi-

tion was dedicated to the War Effort, Victory in the war and promotion of harmonious relations among all the people of the land, particularly as we face a "new era in human affairs."

Yet the Recorder has not attained the status of a giant in the field. In keeping with the vision of the Founder, it has been first or ever mindful of its duty to the people to be served.

The Founder and late Editor, George P. Stewart, forever urged that his paper align itself with the attack on all wrong, any force custom or condition that bore down on the people to be served.

The Recorder has long been identified with those movements, forces, and institutions dedicated practically to advancement of the people to be served.

The Recorder has been honest and practical, but yet a champion of fair play on the civic and economic front, better housing, better health facilities, better educational facilities—and to the end of making "better human beings" for a better world.

The Recorder has urged or supported the forward movement of all forces or organizations, which have had as a part of their program fair play for working people, or chances to work at a fair rate of pay. These things have been the cause of the people, ALL THE PEOPLE LOWEST DOWN, and therefore the cause of the Recorder.

Thus noting FIFTY YEARS OF SERVICE NOW BEHIND US, the Recorder because of the foresight of the Founder has never brought discredit to itself or the people served. The Founder would have it so, and we shall look forward to a future of service to the People, Our Country, and the cause of a Just Humanity—TO NO END IN OUR MORTAL DAYS.

Muncie Race Relations Meet**

Mrs. Willa L. Hunt, reporter

MUNCIE, IND.—The Race Relations Sunday was observed at a special vesper service last Sunday in the community room of the Central YWCA. Dr. Joseph C. Carroll, history instructor at Crispus Attucks high school, Indianapolis, was guest speaker. His address held a circle of over 100

Mrs. Willa L. Hunt

white and colored people spell-bound for nearly forty minutes. The great theologian and historian, in a clear, audible, and authoritative voice, accurately blended the Race Relations program and Negro History week program into one, speaking on "The Negro Ability to Learn." He spoke very frankly concerning the "Calhoun doctrine, which challenges the Negro to become a student or master languages." He proved this to be untrue many times. The audience was left well informed on many facts concerning the Negro. Dr. Carroll cannot be appreciated rightly without knowledge of his writing. To obtain some of his writing, read his contributions in the Victory-Progress edition of the Indianapolis Recorder on such subjects as "Great Nations Thrived in Africa," "Slave Trade Era," and other interesting subjects. For information on how to obtain the Victory-Progress edition, call 2-4264. * The Ministers' union held its annual Lincoln-Douglas good-will dinner Thursday evening at Calvary Baptist church. In Memoriam

ANNA C. BOWMAN

BOWMAN—In memory of my dear mother, Anna C. Bowman who passed away February 24, 1939. A wonderful mother, woman and aid. One who was better God never made. A wonderful worker, so loyal and true. One in a million that mother was you. Just in your judgment, always right. Honest and liberal, ever upright. Loved by your friends and all whom you knew. My wonderful mother that mother was you. Altho surrounded by friends, I am still lonesome. In the midst of my joys I am still blue. With a smile on my face there's that same old heartache. Still longing my mother for you. Hortense Bowman, daughter.

WHITNEY—In memory of my beloved husband, Hobart Whitney who departed this life February 22, 1945. From this world of pain and sorrow. To the land of peace and rest. God has taken you dear loved one. Where you found eternal rest. Sadly missed by, Rosie Whitney and Family. Sanders Whitney, Brother.

BASSETT—In loving remembrance of our beloved mother, Mollie Bassett who departed this life February 15, 1944. My mother was a darling. But, remember she is dead. As we count the days we strayed away. We are sorry now we went astray. If you could but say, come back today. We would live together, never to go astray. Now as we close our eyes. We shall begin to pray. We're hoping and praying to meet on that eternal day. Tho we lay down our lives for her. We can never repay. The debt we owe to a precious mother. Sadly missed by Son, daughter and family.

CIO Leader Protests Passage of Case Bill

Walter Frisbie, secretary of the Indiana CIO Council, last week followed the advice to "write your Congressman" in a big way.

In one letter Frisbie urged Senator Homer E. Capehart to oppose the Case Bill, declaring:

"It is incredible that Congress would initiate a strike-breaking union-smashing drive in the year 1946, that legislators would hysterically line up with government-defeating big business to do a hatchet job on American labor."

The same day Frisbie wrote to all Indiana Congressmen, urging them to:

1. Extend the price control program.
2. Investigate the conspiracy of American big business to smash the labor movement.
3. Pass the Bailey Bill, to repeal the provisions for tax refunds to corporations.

"It is preposterous that the government be placed in a position where \$20 million of its treasury is subject to withdrawal by corporations," Frisbie said.

"It is fantastic that American big business is guaranteed its average 1936-39 profits even if it makes no effort to operate."

CO-OP REPORTS BIG SUCCESS AT ST. PAUL, MINN.

ST. PAUL, Minn. (ANP)—St. Paul's first cooperative venture in a Negro community, a combination grocery store and meat market, issued a report on its first six months of operation last week, showing encouraging success.

Opened in September, 1945, as Neighborhood Cooperative Store No. 3 of St. Paul Co-ops Inc., the store is so well organized it has attracted white and Negro customers from other neighborhoods, and now grosses between \$7,000 and \$8,000 monthly.

Shareholders, white and colored, include servicemen stationed overseas as well as the former owner of the building housing the store. An enthusiastic community, under the leadership of John Banks, St. Paul business man, raised \$5,000 in less than six months to start the store. A meeting of shareholders in December showed they had topped their goal of \$7,500.

Opening with three full-time workers, the market soon needed an extra butcher. The staff is interracial with one white butcher, one Negro butcher, and two other Negro full-time employees.

Acting as advisory groups of the store are the St. Paul and Chicago Urban Leagues, and the People's Share.

Ga. Woman Elected by Atlanta Negro Vote

By William A. Foulkes
ATLANTA (ANP)—The predominantly Negro Third Ward-B last week decided the winner in Georgia's Fifth District special election for a successor to retired Congressman Robert Ramspeck.

The winner was Mrs. Helen Douglas Mankin, representative of Fulton County to the state legislature, who claimed 956 of the 1,041 votes cast at the Ashby Street School, where Negroes in an unprecedented move served as precinct managers and clerks.

The special Congressional race had wavered between Mrs. Mankin, whose record had the endorsement of Negro leaders and, unofficially, the CIO-Political Action Committee, and Thomas L. Camp, secretary of the retired Ramspeck. PAC advertised "no endorsement" but

hit Camp's activities. First one, then the other, commanded the lead in the balloting. But the late returns of Third Ward-B decided the winner. Before this precinct reported, Camp had been in the lead by well over 100 votes.

Notes Out Rival
Final tabulations showed that Mrs. Mankin received 10,922 votes to Camp's 10,114.

It was a clean-cut victory for Atlanta Negroes rapidly surging forward in the fight to secure the ballot with all its potentialities.

For the first time in the known history of Atlanta, Negroes served as precinct managers and clerks during a Congressional election. Three managers and clerks, headed by Atty. A. T. Walden, president of the Georgia Association of Democratic Clubs, took care of the steady stream of voters who swamped the Ashby Street School (recently renamed E. R. Carter School in honor of the late Baptist leader.)

Mrs. Doris Finkel, president of the civil liberties group, and Charles Pasko, secretary, led in making plans to forestall the threatened strike. They said it would be undemocratic and unlawful.

Calling of a new strike was threatened recently by Leonard Levenson, student hate-leader. In a letter sent to all members of the school board, he said students would walk out about March 5 unless democratic-minded Principal Richard A. Nuzum is fired.

City Councilmen Paul Dudak and Joseph Cwiklinski, representing the adult-haters group at a school board meeting, gave support to the Nazi-like action of young Levenson.

Gary Urban League Sponsors Social Study Tour of City

GARY—A score of young people from the City Methodist Church and the social problems class at Horace Mann High School last week visited several points in Gary's central district, in order to learn at first-hand something about the lives, problems and accomplishments of their fellow-citizens.

The Delaney Housing Project, Roosevelt High School and the Campbell Friendship House were next on the tour. The young people then were guests at the home of Mrs. Hattie Howard, a Roosevelt teacher. There they met a number of Roosevelt students, with whom they discussed problems of the district.

"GI" PRISONERS OF POLICY ASK OUT OF INDIA-BURMA ROLE OF BEING SERVANTS TO BRITISH INTERESTS

We know what our servicemen are doing in Europe, in the Philippines and in Japan. That is, we have a pretty good idea of what occupation duties in former enemy territory require in collecting by the victorious military until civilian government under proper supervision can be restored. We don't pretend, however, to understand what good purpose is being served in keeping our forces in the India-Burma theatre.

This theatre is not an occupation zone; it is British territory and the Japs were chased out of India long before V.J. Day.

Occupation forces in India and in Burma are largely Negro, but the racial line is given less emphasis here, in favor of justice for both white and Negro troops who have earned their right to return home.

So desperate are the men that 1300 enlisted personnel in a January 11, 1946 mass meeting at the Eastern India Air Depot at Panagarh, India, contributed funds to pay for an advertisement in American newspapers to ask U. S. citizens vital questions.

The writer has been to the China-Burma-India (CBI) theatre of war and knows of conditions which American boys are subjected to and feels that those interested in fair play will join in condemnation of a War Department policy that isolates Americans in a forgotten part of the world as pawns in some program that results in helping others than ourselves.

Currently, the answer to the gripes of the CBI troops is that American soldiers are needed in India and Burma to dispose of surplus U. S. property. Common sense arithmetic shows that an American private in India is paid 200 rupees per month in addition to being provided with food, shelter and medical care.

The average monthly wage for an Indian laborer is forty rupees. Most of the U. S. property disposal at the Panagarh Base, for example, consisting largely of demolishing obsolete aircraft, which could have been done by Indian civilians, was done by high ranking U. S. Air Force technicians.

Breakdown in comparative monetary values shows that the Indian rupee is worth about 30 cents. This means an American soldier gets \$60 a month, base army pay, against \$120 a month for an Indian civilian laborer. There are uncounted millions of Indians who work for less in any capacity they can be used.

Occupational policy in Japan and in Germany should neither affect nor be jeopardized by the redeployment of India-Burma personnel, the mass meeting at Panagarh decided. War Department ruling does not permit basic training for new recruits at overseas points as was often done before the war. Thus, the return of India-Burma soldiers to the States is held up because of a lack of replacements. Today it requires 14 weeks of basic training when during the war men often went into combat units overseas with six weeks of basic training. The boys in work for less in any capacity they can be used.

Returning to America, the average CBI "GI Prisoner of Policy" is bewildered in what it is all about when he compares the sale of surplus U. S. property in India with the cost of keeping U. S. Army personnel on duty there.

With millions of unemployed Indians around, he cannot understand what is the issue in punishing him with long service in a forgotten part of the world to appease some tight little clique of financiers and bankers who see a chance to make a lot of money with the British and are moving in at the expense of our boys. Little or no practical work is being done in India today.

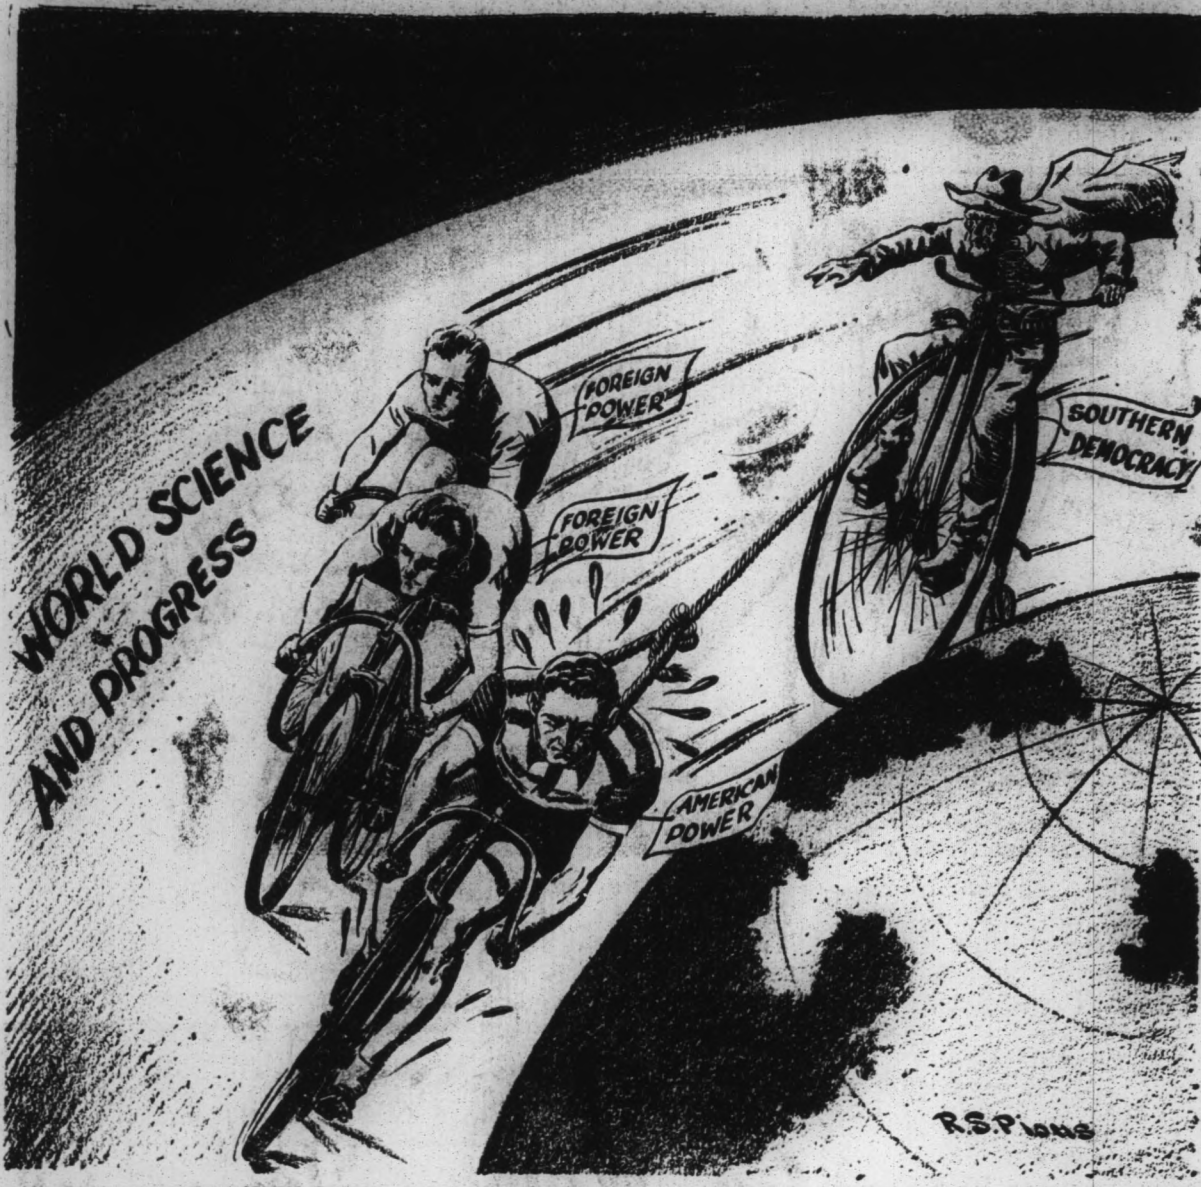

Negro engineering companies built the world-famous Ledo Road; Negro quartermaster outfits transported vital war supplies to China; white and Negro work outfits maintained supply lines throughout the war against Japan.

They did more than they were required to do. Now is the time for them to come home. In fact, they should have been returned home long ago.

ers in the State listed after their names, do hereby respectfully petition the Congress to clear off existing misunderstanding and enmity, and open the way for a new and more rational attack upon the problem by repealing and nullifying, by Joint Resolution, the said Proclamation of January 1, 1863, and by submitting to the several States, under Article V, of the Constitution, an Amendment repealing the aforesaid Articles, XIII, XIV and XV.

Our young Nation has survived adventurously near two hundred years and now it appears is about to face a "new order of the total of human affairs", the flying age with atomic energy and "seasons or times which shall try men's souls". But in the Infinite Design of retribution and the small world of tomorrow, the wise and honest shall survive through courage and convictions in the fellowship and brotherhood of a common humanity.

The power and glory of a common humanity have been dissipated and frustrated in anomalies, such as are portrayed in the foregoing "petition". The Founding Fathers of this Nation inspired, as they were, passed on the light or torch to guide the way for a "just humanity", which might long endure. But it now appears to be flickering in the "winds which caught-up the prophets against a just humanity in all the yesterdays."

Cabitol Spotlight

 For the NNPA News Service

President Truman does not believe the fair employment practice issue is dead. It's still on his list of "must" legislation for the reconversion period. One result of the filibuster against it will be a fight to amend the cloture rule to make it applicable to correction of the minutes and appeals from the rulings of the chair.

Six Senators who voted against limiting debate on the FEPC bill will come up for reelection this year. They are Andrews of Florida, Bilbo of Mississippi, Byrd of Virginia, Carville of Nevada, Gerry of Rhode Island, McFarland of Arizona, McKellar of Tennessee, Radcliffe of Maryland and Wheeler of Montana, all Democrats.

Since the United States Supreme Court has decided that colored electors cannot be excluded from white primaries, which are equivalent to elections in southern states, colored voters will have an opportunity to retaliate against an

net on duty there.

Negro engineering companies built the world-famous Ledo Road; Negro quartermaster outfits transported vital war supplies to China; white and Negro work outfits maintained supply lines throughout the war against Japan.

They did more than they were required to do. Now is the time for them to come home. In fact, they should have been returned home long ago.

ers in the State listed after their names, do hereby respectfully petition the Congress to clear off existing misunderstanding and enmity, and open the way for a new and more rational attack upon the problem by repealing and nullifying, by Joint Resolution, the said Proclamation of January 1, 1863, and by submitting to the several States, under Article V, of the Constitution, an Amendment repealing the aforesaid Articles, XIII, XIV and XV.

Our young Nation has survived adventurously near two hundred years and now it appears is about to face a "new order of the total of human affairs", the flying age with atomic energy and "seasons or times which shall try men's souls". But in the Infinite Design of retribution and the small world of tomorrow, the wise and honest shall survive through courage and convictions in the fellowship and brotherhood of a common humanity.

The power and glory of a common humanity have been dissipated and frustrated in anomalies, such as are portrayed in the foregoing "petition". The Founding Fathers of this Nation inspired, as they were, passed on the light or torch to guide the way for a "just humanity", which might long endure. But it now appears to be flickering in the "winds which caught-up the prophets against a just humanity in all the yesterdays."

draws, Bilbo, Byrd, McKellar and Radcliffe. All they need do is quality to vote.

Colored people constitute 27.1 percent of the population of Florida, 49.2 percent of Mississippi's population, 27.4 percent of Virginia's, 17.4 percent of Tennessee's, and 16.6 percent of Maryland's. Of course Mississippi, Virginia and Tennessee are still poll-tax states. But a lively campaign to induce colored people in those states to pay their poll taxes, spearheaded by the National Association for the Advancement of Colored People ought to, at least, throw a scare into Bilbo, Byrd and McKellar.

Neither intimidation nor a poll-tax interferes with colored people's voting in Maryland. The qualifications for them are the same as they are for white people. Colored people constitute 16.6 percent of Maryland's population. Hence, Radcliffe ought to be a lame duck after the Maryland elections. If colored voters don't get him in the primary, they ought not miss him in the election.

Sixteen Senators debate on against limiting debate on FEPC came up for reelection in 1948. They are: Bailey of North Carolina, Bankhead of Alabama, Bridges of New Hampshire, Bushfield of So. Dakota, Eastland of Mississippi, Ellender of Louisiana, Hatch of New Mexico, Hawkes of New Jersey, McClellan of Arkansas, Maybank of South Carolina, Moore of Oklahoma, "Pappy" O'Daniel of Texas, Robertson of Wyoming, Russell of Georgia, Stewart of Tennessee and White of Maine — ten Democrats and six Republicans.

By 1948 colored voters ought to be better entrenched in the deep south. If they are, they should remember the despicable business of Bankhead, Eastland, Ellender, Maybank, O'Daniel and Russell. Bailey, Moore and Sewall come from states where the colored vote already is sizeable. The perfidy of Hawks and White, especially White, is not to be forgotten.

White is the Minority Floor Leader. He occupies the same position in relation to Republican Senators that Majority Leader Allen W. Barkley of Kentucky occupies to Democratic Senators. The Republican party by its party platform pledged itself to support FEPC legislation. An overwhelming majority of Republican Senators voted in caucus to support closure. White tried to divert himself of his Minority Leadership by declaring that he was speaking only for himself. But he could do that only by resigning the office. He was still the Minority Leader when he announced he would vote against closure and denounced the bill.

Eleven Senators who voted against closure on the FEPC bill will not come up for reelection until 1950. They are: Fairlight of Arkansas, George of Georgia, Gurney of South Dakota, Hayden of Arizona, Hill of Alabama, Hoeft of N. Carolina, Johnston of South Carolina, McCarran of Nevada, Milliken of Colorado, Overton of Louisiana, and Tydings of Maryland — nine Democrats and two Republicans.

COUGHING? SEE A DOCTOR

O. L. BALLARD, M. D.
 Waverly Hills Tuberculosis Sanatorium, Waverly Hills, Kentucky

Time and time again when I am at the clinic of our hospital men and women come in complaining of feeling poorly and having a bad cough. When I ask them if they had the cough long they often say it has been hanging on for months.

"Have you done anything about it?" I ask.

Usually the answer is something like this:

"Well, doctor, a friend gave me some cough syrup. I've been taking it, too, but it doesn't seem to help much."

I explain to such a patient that before I can do anything for him I want a picture of his lungs, and arrange for him to have a chest X-ray. All too often when I look at the X-ray picture I find that the patient has "lung trouble," or tuberculosis. The X-ray indicates that he has had the disease for many months, perhaps for a year or two, that he had it long before he began coughing. Although many people think that everybody with tuberculosis coughs, actually a person may not begin coughing until months after he gets the disease.

Tuberculosis, or consumption, is a disease caused by a small germ. We get these germs from somebody who has tuberculosis. We may get the germs from kissing the person, from using the same dishes, he used or even from breathing the air in a room where a person with the disease has been. Most people come in contact with tuberculosis germs at one time or another, but if our bodies are healthy they fight off the germs and no harm may be done.

If we are in a run down condition, the germs are more likely to work their way into one of our lungs and hide there. Unfortunately, one may have the disease a long time without feeling any pain and so we do not know we are ill even though a lot of damage has been done to the lungs. After a while, however, we begin to feel tired all the time, we may lose weight, we do not want to eat and we start coughing. Sometimes we cough up blood.

When we get to feeling all-in and start coughing, some good friend is apt to suggest that we take a "tonic" or a cough syrup. But no tonic, no cough syrup and no drug will kill tuberculosis germs or cure tuberculosis.

The smart thing to do when we feel bad is to find out why we feel bad. When there does

a blind man who is led by a Seeing Eye dog, with selling \$105,500 in war bonds during the Victory Loan drive. That amount added to his sales in previous drives approaches a total of a half-million dollars. The Colored War Finance Committee informed Finley Wilson, Elks grand exalted ruler, that Jenkins gives credit for all of his sales to the Elks.

THIEVES WITHIN THE FRAMEWORK OF THE LAW

Indianapolis, Indiana

To The Editor,
 The Recorder:

It is our opinion that there are more thieves within the framework of the law than there are out. Usually, high-powered, organized capital has stogies in the Congress to pass laws which rob the people lawfully. They also have well-paid lobbyists to entertain these stogies with steak dinners and such.

Our reasons for the above statement are as follows:

1. Robbing the people through their pay envelopes, cheap wages.
2. Housing: the real estate business refuses to co-operate with the Federal Housing program although they know the situation is acute. They refuse to build sufficient houses, in order to sell off all the old run-down property on hand at a high rate.
3. OPA which is trying to combat inflation is being fought tooth and nail by big business.

Cheap wages, real estate hogs, and merchandise hoarders are more detrimental to society by their wholesale robbery than the ordinary robber who only works one person at a time.

"LEGIONNAIRES OPPOSE JIMCROW POST"

TO THE EDITOR
 THE RECORDER

We wish to give another phase of the story on page 1 of your paper dated Sat., February 2, headed as follows, "Legionnaires oppose Jimcrow Post" move.

We have been and still are members of Reginald Fisher Post No. 1, of this city for 25 years and we have always been made to feel welcome. A group of young veterans of World War II returning home decided they wanted a Post of their own. We older veterans were called in to help form the new Post. A group of these younger vets had spoken to some of the officers of Reginald Fisher Post concerning forming a Post of our own.

It seems as if Mr. Sandy J. Hicks who was not informed about the plans developed a spirit of jealousy because he was not asked to help form the new organization. He proceeded to discourage those forming it. New colored Legion Posts are being formed in numerous cities in Indiana and we want to be one of

not seem to be any reason why we are tired all the time and are losing weight, we should go to a clinic or a doctor. If the doctor thinks there is something seriously wrong, he will have an X-ray taken of our lungs. That is the only way to find out for certain whether the germs have damaged the lungs. If they have not, the doctor will know that we haven't tuberculosis and will tell us what is wrong.

If the lungs are diseased, the doctor will also tell us what to do. He will say that tuberculosis can be cured, but it is easier to cure it when the disease first gets hold of us than after the germs have damaged the lung. That is why we should go to the doctor when we first begin to feel bad.

Rest, not drugs, helps to cure tuberculosis. When we have tuberculosis we need rest in bed for 24 hours a day. Doctors usually recommend that people with tuberculosis go to a hospital but especially to take care of patients with this disease. There is at least one of these hospitals in every state and in many counties, supported by the state or county, for the care of tuberculosis people. The doctor knows where these hospitals are and how to arrange for their patients to get in them.

Many people think they can rest at home, sometimes the doctor says this is all right. Usually, doctors prefer for their patients to go to a tuberculosis hospital. When we stay at home we may be tempted to get up when company comes, or just to have dinner with the family, but we should stay in bed all the time until the doctor says it is safe to get up. Another reason it is better to go to the hospital is that if we stay at home we may give the disease to other members of the family.

We should try to avoid being seriously sick by going to the doctor when we first begin to feel bad. Then we should do what he advises us to do.

them. We wish to have a place where our Veterans, their wives and sweethearts can come and spend a special time together.

We have our own churches, lodges, clubs and our World War II War Mothers organization and we do not feel we are segregating ourselves in organizing an American Legion Post. Only carrying out the wishes of our Veterans.

There has never been more than eight colored members in Reginald Fisher Post No. 1 and we can never swing enough votes to elect us to any of the principal offices. In having a Post of our own, we will have our own officers and will send a delegate to the State convention who will represent our Post. We could never obtain this recognition by belonging to a white Post. The officers of Reginald Fisher Post have questioned us concerning any clique of their members who have wanted to segregate us. Members of Reginald Fisher Post No. 1 have promised 100% cooperation in forming our Post.

Respectfully yours,

DON'T BE ASHAMED TO THE EDITOR THE RECORDER

This is rather "An Open Letter" addressed to them through the columns of The Recorder and might follow the title, "Don't Be Ashamed."

There is nothing in the history of the Negro's past of which to be ashamed. Instead there is so much of which we should be proud. It is true there was nearly three hundred years of slavery in America. Did not Europeans also suffer centuries of serfdom under their feudal system? All nationalities have suffered a similar fate as captives of war throughout the ages and in recent times, during the war just finished all of Europe was virtual slaves to the conquering Germans. Proud British and American soldiers were slaves to the Japanese until they were liberated by the victorious Allied armies.

Negroes can justly be proud of the contributions our ancestors have made to civilization. The wheel on which the world rolls is an African invention as is the smelting of iron and many others.

There has been an attempt to separate the Negroes from their achievements and colorful past and heritage. Negro historians and anthropologists are uncovering what has been lost. Negroes taken as hostages of war from their homeland and transplanted to a strange country and made to learn a strange language; forced to give up their own language and customs.

The Negro press has done more than any other agency to connect Negroes with their past. Every Negro should read at least one Negro paper or more if possible. Then it would be easier to see we have nothing of which to be ashamed. We can glorify Negro accomplishments past and present because you will have a wealth of information not found in the daily press.

It would like to exchange views with anyone on the subject of glorifying the Negro race.

Home Government Bars Indiana To Mexican Workers

MEXICO CITY — Indiana and seven other American states were ruled out by the Mexican Government last week, as areas where Mexican laborers may be employed in the future.

Minister of Labor Francisco Trujillo hit had working conditions in the eight states, as he forbade Mexican workers being employed in the areas. He cited low wages, illegal withholding of wages, poor living conditions and lack of medical care.

Besides Indiana, the states singled out for an official boycott were Illinois, Michigan, Wisconsin, Minnesota, Colorado, Montana and Wyoming.

Trujillo said his department had checked up on complaints of returning Mexican workers, and found that the complaints were justified.

The A-V-E-N-O-O Jesse Johnson, Band Promoter, Is Dead

(By THE SAINT)

A WORD COMES IN from our friend Baby Seals, now touring the deep South with a road show. The well-known comedian is due in town for a few days this week end. . . . We also received a nice note from Mr. James H. Johnson, 1825 N. Capitol avenue, apprising us of the fact that their son, James Louis Johnson was named by Esquire magazine as one of the new stars of 1945. He also received the new star's award and his biography is also given in the jazz number of Esquire. . . . Another letter came in from The National Foundation For Infantile Paralysis, Inc. (The March of Dimes); thanking the A-V-E-N-O-O (spelled just like that) for our mention of the drive several columns back.

OUR GOOD FRIEND DUPREE DANCY, now living in the Windy City, sends us a fine scribe and a couple of newspaper clippings. One an editorial on Negro History Week and another on the speech made by Mrs. Helen Gahagan Douglas extolling the record of Negroes in the war. He promises to be home in May, and wants all of his friends to know that he is playing hard. He also said that he is going to have our son make him one of those fine fogs. Thanks old MAN. . . . Many thanks to Lowell Nussbaum for mentioning us in his column — "The Things I Hear", which appeared last Thursday in the Star. . . . We offered our thanks for the timely cleaning of the Avenoo (we mean the street) and also asked that the city lower the curbing at Missouri and Canal. . . . It would be a fine deal.

GEORGE (businessman) GRAHAM, Horace (Oriental) Stone and playboys Amos Hartwell and Hiawatha Gray will leave Monday for a few days of playing at the Mardi Gras down in New Orleans. They will also visit Florida, Georgia and Mississippi before returning to Naptown. . . . Bill Owens' cafe over on the Southside is now dispensing fine liquors. . . . Ditto for Pat's new drink emporium along the main stem. . . . Beat Jack's Midway tavern is jumpin' nightly. . . . Thanks to the Rev. J. B. Carter for taking that much needed church literature out to Sunavide.

HARD TO BELIEVE

At the age of 26, Mrs. John T. Lee of Alma, Georgia, has given birth to 12 children—six of them in the last nine months. On May 17 of last year, Mrs. Lee gave birth to premature quadruplets—three girls and a boy—but none of the babies lived. On Saturday, February 9, Mrs. Lee under care of the same doctor who delivered the quads gave normal birth to twins. Georgia is certainly a fertile field. . . . Yes suh!

SOMETHING NEW HAS BEEN ADDED

Miss Lillie Mae Add of Chicago, has signed a contract with her employer to work 60 hours a week as maid at a minimum wage of \$30 per week with time-and-a-half for overtime.

THINGS WE DIDN'T KNOW

New York City has SEVEN Negro judges. They are: Justice Francis E. Rivers, City Court, \$17,500 a year; Justice Vernon C. Riddick, \$10,000; Justice Myles A. Page, Special Sessions, \$12,000; Justice Jane Bolin, Domestic Relations, \$12,000; Justice Hubert T. DeLany, Domestic Relations, \$12,000; Justice James S. Watson, Municipal Court, \$10,840; Justice Chas. E. Toney, Municipal Court, \$10,840.

IT IS EITHER THIS OR THAT

WITHIN A FEW WEEKS or maybe longer (I don't know just when) some facts will be issued that will make the biggest, and most sensational news story since the advent of the atomic bomb. It involves a personality that you have heard over the radio, seen in the movies, and read about in newspapers and magazines. The FBI missed out on it until it was too late; Walter Winchell came closer than anyone else but he didn't know it or could not prove it until it was too late. From what I learn many hundreds of thousands of dollars have been spent to keep the story clothed in secrecy but as Shakespeare said: "The truth will out." Just remember that when the story does break, that you first hear or rather read of it in this column. It's a true story that will beggar your imagination.

BELIEVE THIS: The blue-eyed, platinum-haired Franklins (German misses) were wearing transparent plastic shoes and coats drape-shaped over their shoulders many months before the American style-setters adopted these ideas. . . . that something new for women's coats will be out soon, green ermine and multi-colored sable three-quarter lengths. Prices will range from 10 to 15 grand and more. . . . ex-top kick (First Sergeant) Bennie Pope and Charles Carter will entertain their many friends scattered here and there at a cocktail hour at the Morocco Club between the hours of sunset and sunrise this Sunday. . . . That John Clark and Marshall Pendergraph, co-owners of the Mess Hall at 337 W. Michigan street, are half through with their upstairs dining room. It will be used mostly for overflowing crowds that come in after midnight. . . .

THE EL GROTTO CLUB will not be open for from 60 to 90 days yet but already certain people between the 300 and 800 block, Indiana avenue, are talking about who will be the manager, who will be headwaitress and so-forth. Others are betting that they will have the top job. The truth is this. If there will be a manager his name will appear first in this column but there isn't going to be any manager. Sonny Sebree and Percy (Jackie P.) Saunders, the co-owners, will have nothing to do so they will manage it. The best possible three jobs available will be, ticket girl, ticket taker, and headwaitress (with a good salary) who will hire and fire all other waitresses. Mr. Sebree and Mr. Saunders give me the privilege of naming this headwaitress but I don't have anyone in mind just yet. So that is the way it is. No one owns, controls, or bosses this new club but Sonny Sebree and Percy Saunders. Whatever you see in the column whether you like it or not it is true. I check and triple check everything before I print it. . . . Elizabeth (Sugar Dee) Yee, was so well clothed at the Masonic Hall a few nights back during an hour of entertainment until she stood out like the "stone on the sands of time" (smiles). She had no competition. . . . PFC. JOHN BYRD, and his wife, increased the population by two this week when they came in from Ft. Bragg, N. C. His soldiering career is still not ended as yet but he and his friends are happy. . . . John G. Cheetani should want to see me, whether he wants to or not. It concerns 1000 marks, way back in Gutersloh, Germany. . . . SOME PEOPLE ARE in doubt as to whether Martha Mae Vaughn is divorced from her husband or not. They should be. She very definitely was granted an absolute "split" in July, 1945, at Noblesville, Ind. Mouth-piece Frank Beckwith did her talking. . . .

MERCURY RECORDING COMPANY RELEASING GRADE A MATERIAL

By Dolores Calvin

NEW YORK CITY (CNS) —The recording company that started out just five months ago in Chicago to revolutionize the entire recording industry, is proving their point. In that short time, Mercury Radio and Television Corporation, which gives to the nation blues and swing talent under the label, Mercury, has taken several new artists under its wing as far as recording is concerned.

June Richmond, at the moment, is Mercury's boast. The "glamour girl," now of the musical show "Are You With It?" has recorded several tunes for them and thinks Mercury is a most wonderful recording company. Fans agree with her as Mercury supplies the market's demand.

Unlike Capitol, Decca, etc., because they make their own necessary equipment and are independent in doing so Mercury can well turn out interesting releases featuring the best of talent.

And in the past five months, statistics show a rising new kind of firm in our midst.

Mr. "One By One" Heads Show at 440

Ruby Shelton's swank 440 club announces a brand new show starting next week. Included in the all-star bill is "Mr. One By One"—Crawford Price, who besides doing a novelty act, sings, dances and ticks a mean trumpet. The young man is midsize in size but, oh, my, how terrific when it comes to laying solid entertainment on the line. You must see this young fellow in action in order to appreciate some of the nice things

written about him by critics throughout the country. Emceeding the show is Bill Harmon, singer and dispenser of light comedy in a way you are sure to enjoy. Also on the bill are Elnora King, exotic dancer; Geraldine Butler, soubrette, and fancy dance performer; Annette Bailey, risque and swing, singer, and your favorite Clara Williams, held over by popular requests, plus Turner's swing band.

If you enjoy good vaudeville, don't fail to visit the 44 next week.

will call me or leave her number for me at the Recorder office as soon as possible. I will appreciate it immensely. What she has bears heavily on Degraphenreed's future freedom or imprisonment for life. I have lost her number and have no other means of contacting her without divulging her identity. It would put her on the spot and I would rather lose all the work that I have done on the case than to have this happen. I will protect my informant at all cost. . . . STOCKING-LESS WOMEN ARE looking for the fly-chickling Nylon stockings. They will be lucky if they find her in who boasts and brags about how much money she makes sell one respect but they will not be so lucky if two other people (policemen) come up at the same time. You see, they are looking for her too. She ate dinner not 5 feet from her pursuers last week and they didn't know it. But the police are human. They can't know everything, can they? . . . Det. Sgt. Claude White, national grand organizer of the Elks, is finishing plans to set up a herd (local) lodge at Shelbyville. . . . There is no "go sign" for any gambling anywhere. A certain "bag man" should realize this before he makes rash statements. I'll bet him that in a week's time he can be stopped cold in his tracks and won't be "bag man" any place any time. I dare him to say that I am lying because if he does I'll prove it. That's a promise. . . .

"The Seventh Cross" At Park Tuesday

Hume Cronyn and Jessica Tandy are leading a double life — and are very pleased about it. They are Mr. and Mrs. both off and on the screen.

In Metro-Goldwyn Mayer's "The Seventh Cross," the new Spencer Tracy starring film which comes Tuesday to the PARK theater, they play the young German husband and wife who aren't afraid to risk their lives to help a friend. The day filming began on the picture was a red-letter one for Hume and Jessica. It marked the first time they ever worked together professionally. It was also Jessica's American film debut — and their six-month-old son, Christopher Hume Cronyn cut his first tooth!

Both started acting in their teens, but their careers were divergent until the night in New York when Hume saw his future wife

BUSINESS LEADER WAS WELL KNOWN IN INDIANAPOLIS

By R. C. Fisher

ST. LOUIS, (ANP)—The man who opened the way and made it possible for "big-time" colored and white orchestras and leading movie and stage stars to entertain Negro audiences in St. Louis and for many years had an exclusive privilege to promote high-class amusements in this area, died Friday morning at Homer G. Phillips hospital, where he had registered a few days ago for a physical check-up. Cerebral hemorrhage was given as the cause of death.

Successful Business Man

He was the eccentric 63-year-old Jesse J. Johnson, owner of the Deluxe Chicken Shack, one of St. Louis' first-class eating places; the Deluxe Hotel; the Deluxe Taxi Cab company, with a crew of 46 cabs and other business enterprises.

Man-about-town, Johnson was regarded as a shrewd and cunning business man, who did not believe in business partnership. He was generally quick to decide and a stubborn contender for established forms. He possessed a native intelligence with the ability of strong imagination.

Former Brownsville Mayor

Distinguished as the first elected Brownsville (St. Louis) mayor, he was a 33rd degree Mason and was financially identified with every movement that he felt was for the betterment and uplift of his race.

He was born in Clarksville, Tenn. He came to St. Louis, during the World's fair, anxious for a successful career. He soon gained prominence here as a dancing master and conducted a school pertaining to that art.

Scottish Rite Masons of Eureka Consistory 32d and 3rd degrees conducted midnight ceremonies for the deceased promoter at Metropolitan AME Zion church, last Wednesday night, following the services given by Ionic Lodge of Free and Accepted Masons of Prince Hall affiliation and the Nobles of the Mystic Shrine of which he was affiliated.

Funeral services were held this Thursday morning at 11 o'clock at the Metropolitan church. Besides his widow, Mrs. Edith Johnson, a son, Jesse J. Johnson Jr., three brothers, Henry, Harry and James Johnson survive the deceased.

"NATIONAL NEGRO NEWSPAPER WEEK"

February 24th

March 2nd

Commemorating The
119th Anniversary Of The Negro Press

"UNSUNG HEROES" of the Press.

From the ranks of the Negro Newspaper Carrier have come thousands of successful leaders in all fields of endeavor. They are men and women who saw their job as carriers indispensable to the progress of the Negro Press. Like the young man pictured above, they took very little credit for the services they rendered except for the small earnings they received from newspaper sales. Rain, snow or sleet did not prevent them from doing their job. Through their perseverance in their responsibilities great characters of leadership emerged. As was then and as is today, the Negro newspaper carrier stands forth the unsung hero of the press.

A TRIBUTE TO THE NEGRO NEWSPAPER CARRIER!

We pay homage to that vast and stalwart organization of boys and girls whose contribution in service for the Negro press and to the reading public has actuated the spirit of leadership in many fields of constructive endeavor. Those responsible for the guidance of this gigantic army in the past and in the future may well account for the marks of accomplishments made. Out of this unforgettable group have surged many of the leaders in science, business, agriculture, education, industry, and government. Out of this unchallengeable group will come more and more contributors to the growth and progress of this our great United States of America. Our hats are off to you and your efforts of wholehearted service to the Negro press and the reading public. May you continue to grasp each opportunity and establish greater marks of achievement that will forever remain a recognized contribution to the welfare of this nation.

NEWS ABOUT FOLK HERE AND THERE

Paris, Tenn., Correspondent Goes To Chicago; Father To Take Over Job of Correspondent

By Dave Travis

PARIS, TENN., — Deloris Travis, who has been writing this column for several months, left last week for Chicago, where she is planning to live. She thanks readers of the column for their support while she attempted to give them the news. She is the daughter of Mr. and Mrs. Dave Travis, and her father, who has been associated with her, will continue to be associated with her.

Others on the committee were Rev. M. Peace, sec.; Prof. T. R. Wilson, treas.; Lucian Freeman, Dr. W. G. Raby, and Prof. W. R. Jarrett, assistant chm. Before closing the USO many discussions were held about securing the building for colored citizens. The mayor of the city was approached on several occasions, and assured the committee that the city would do all it could to secure it. It was unofficially reported that the building was to be reversed back to the city. After the closing of the USO the Civic League attempted to get the cooperation of the city in making it a community center. The city paid for the lot, purchasing it from W. B. Palmer. However, American Legion L. Bennett Post 165 wants the building for a Legion home. The Civic League and the city want it for a community center. This, I feel has complicated the government's releasing the building. According to Flettwood Lowe, secretary to Congressman Murray, the building will have to be put up to the highest bidder and sold. The county board of education is trying to secure the building for an extension of Central high school. The Civic League is contending that this will not solve the problem at Central high. It is stated by the principal that more room is needed in order to take the school out of its low rating. The Civic League does not want the building for its own, but is trying to get the city to obtain it for citizens of Paris and Henry county. So far nothing has been done, although various petitions have been sent in. The building has been closed over a year. It is expected that something will be done soon to re-open the building. According to the superintendent of education, if the board of education is fortunate enough to secure the building the public will have access to it for community meetings and other affairs. It is the opinion of many that if the city has to purchase the building, and the cost is a large amount, it is likely that citizens will not get use of the building as it will likely be sold to some other interested party. The same opinion is expressed about the county's purchasing the building. Mayor McCutchen says he does not know heads or tails about the building. He has assured the league official that he will look into the matter in order to help secure it for a community center. Something may develop before this article reaches the public. The building was erected by the U. S. government, and is now in the surplus property control. Soldiers of Camp Tyson did not have too much use of the building, as it was erected so late that most of them were moving out when the building was erected. A ladies' auxiliary was formed Monday night at the regular meeting of L. Bennett American Legion Post 164 under supervision of Adjutant Clarence L. Guthrie. Officers elected were: Mrs. Annette Guthrie, president; Miss M. I. Hudson, vice-pres.; Mrs. George Perry, second vice-pres.; Mrs. Clara M. Teague, sec.; Mrs. Suzanne Allen, asst. sec.; Mrs. Lucy B. Olive, chaplain; Mrs. Wilberina Patterson, chm. of the program committee; Mrs. Bertha Travis, treas.; and Mrs. Nellie M. Murrell, chm. of the membership collection fund.

McClellan, Ala., where Arthur Edmonds, son of Mrs. Maude Edmonds, was also sent. * Mrs. Elizabeth Brown attended the NAACP meeting in Anderson Sunday. * Mrs. John Pennybaker received a broken ankle in an accident last week. * Irvin Shelton, who plays on the basketball team, was in Columbus, where the team played the Hope team in the morning with a score of 24 to 20, but lost 23 to 22 in the afternoon game with Brownsburg. * John Slaton, Washington, D. C., visited Mr. and Mrs. Smith. He was discharged from the army last week. * Rev. Washington, Mrs. Aneta Weathers, and Mrs. Maddox were dinner guests of Mr. and Mrs. Archie Shelton Sunday evening. * Thory of Lee passed his examination last week, and will be inducted for service soon. * Miss Charlotte Edmonds visited friends in Franklin Sunday. * Mr. and Mrs. William Smith, Mrs. Edgar Maddox, and James and Irvin Shelton were guests at the home of Mrs. Joe Tracy, Rushville, when Mrs. Tracy honored her sister, Mrs. Ida Sorel, who celebrated her 89th birthday. Mrs. Maddox is Mrs. Sorel's niece, Mrs. Smith is her great niece, and Sheltons are her great-great nieces.

Louisville PTA Plans New Club

LOUISVILLE, KY — Banneker School: Mrs. Ionia Goldie, president, and other officers and members of the P.T.A. of the school, are seriously considering the advisability of starting an instrumental club in the school in the near future. Such club will mean much for the boys and girls in this district as well as others.

* Frederick Douglass School: Men, women, and children enjoyed the fun and amusement in "The Winner Carnival," given at the school by the P.T.A. last Friday evening. The seven contestants, Orville Martin, 2B; Vernie Dennis, 5B; Geraldine Johnson, 3A; Helena Roberts, 4A; Barbara Miller, 6A; Mary Taylor, 6B; and Arletta Roberts, 2B; brought in \$104.80. For their fine spirit in their efforts the P.T.A. awarded them prizes.

* Quinn Chapel: W. C. Buford, president and secretary of the Men's Social Service League, and other officers and members have four big objectives to carry out during the year: the Veterans' Home-coming, Men's Day services Easter Sunday, underwriting the expense of the social department extension work, and the presentation of "The New Minister." You will hear more about these events later. Their first big affair is the Home-coming welcome for returned veterans March 6th. The set up for the Visitation campaign is almost completed. Soon workers, both men and women, will be given instructions by the directors. Within a few weeks the work will be under way. The church will have the pleasure of entertaining the meeting and delegates of the mid-year council of the Thirtieth Episcopal district in May. The connectional claims are coming in well for the season. A meeting for the reorganization of the Allen Christian Endeavor League was held at the church Sunday evening. Practically everyone felt that this organization should be kept alive in the church. * Banner and the usher board held an important meeting at the church last Wednesday evening. It seems rather clearly that the men of the church are becoming more interested in the objectives and activities of the church. Of course, the women say that they themselves are always deeply engaged in its work. * The women of the church brought to a very commendable close "The Parade of the Months" last Monday evening, under direction of the missionary societies of the church. Participants included Mesdames B. M. Hughes, G. A. Jenkins, E. A. Graham, Myrtle Jackson, A. P. Bucker, Edith Hodges, S. B. Smith, S. A. Laird, and M. Eades. * Mesdames Minnie Cooper and Maxie Mayo, two of the leaders in "The New Minister," are directing rehearsal activities in a satisfactory manner. * Among visitors at morning wor-
